Dear Jennifer:

We will reply to your message concerning residential air levels for PCBs after consulting on that matter with our toxicologist.

Thank you for your courtesies and patience.

Sincerely,

Carmen D. Santos

Carmen,

Based on some research our consultant is trying to find the residential exposure level. We have seen two numbers: 2.1 and 4.3 (ng/m3)

Do you know if either are correct?

Best Regards,

Jennifer deNicola
